

Innovation & Co-Creation; Active and Healthy Ageing in a European perspective - Thursday October 6th 2016

Odense Congress Center, Odense, Denmark

Programme as of 20 September 2016 (subject to changes)

See more and register at www.whinn.dk

Participant fee €130 – To receive an EIP on AHA discount, please contact cew@rsyd.dk

08.30	Coffee and registration
09.00	Welcome
	Stephanie Lose, President of Regional Council, Region of Southern Denmark
	Outline of the day by moderator Christina E. Wanscher
09.30	Scene setters
	What does the innovation scene look like? Key-note speaker outlining what is and what is to come. The session will end with a facilitated discussion among audience initiated by a Meet & Greet at the tables. Method: Getting to know each other and reflection
	Analyze this; Analyzing the future of technology by Jonas Knudsen, Research Director, IDC <i>Within the healthcare sector IoT has mainly been centered on improving care with (remote) tele monitoring and RFID technology in order to monitor and track assets. The potential is much broader and in recent years there has been a steady growth of IoT initiatives both from an innovation and pilot perspective, and for full-scale implementation and thereby maturing the market for mainstream deployment. Internet of Things is one of the most promising concepts within eHealth.</i>
	Co-create this by TBA, Health Innovation Centre of Southern Denmark
	Eco-systems – an introduction by Brian O'Connor, ECHAlliance Reference sites and EIP on AHA – an introduction by Jon Dawson (TBC)
	Reflection (15 min)
10.45	Coffee break
11.15	Regions and Eco-Systems
	Short presentations delivered by regions and organisations. Through facilitated reflection and dialogue audience is engaged in discussions with a starting point from presentations heard. Method: Reflection cards and dialogue
	Eco-Systems in Europe presenting (10 min. each) Miriam Haagh Vice-Mayor Breda, Noord-Brabant, Netherlands Agneta Granström, Minister Norrbotten, Sweden and President Committee, AER, Sweden Stephanie Lose, President of Regional Council, Region of Southern Denmark, Denmark Rosemary McKay, eHealth cluster, Liverpool, England Dr. Päivi Hämäläinen, Leading Expert, National Institute for Health and Welfare, Finland Professor Daniel Buhr, University of Tuebingen, Baden-Württemberg, Germany
	Reflection (15 min)
12.30	Lunch in the exhibition

13.30	Scaling up & creating a market
	Short presentations delivered by regions and organisations, followed by 30 minutes of co-creation process, where people are split into groups (in same room) to discuss what they have heard and to learn from each other. Method: Reflection cards and dialogue
